

Welcome to Saint Joseph School!

We are blessed you stopped by to visit our school's website. Here at St. Joseph School, you will find a happy family atmosphere. We are truly blessed with a small student to adult ratio. Our focus is on providing a one-on-one environment promoting: Christian values, spiritual growth, respect, academic excellence, and service to our communities.

Academically, we have earned full state and national accreditation through Advanced and have been listed as a 4-Star School. Our ISTEP+ scores are well above the state average and are often the highest in Dekalb County. We have maintained an "A" rating from the state of Indiana for the past 9 years.

We fully understand that the cost of private school can be a concern. We have many options to help you provide your child an education at St. Joseph School in an affordable way. We do accept School Choice Vouchers and offer SGO's. Parishioner discounts are also offered to those who are active members in their parishes.

Our finance committee announced that our tuition rate for the 2017/2018 academic year will be lowered. We are enthusiastic about this opportunity to offer the best spiritual guidance and academic excellence to our students at a more affordable cost.

If you have heard mention of St. Joseph School, it might have been because of our small class sizes, one-on-one attention, and strong academics. However, once you are or have been a part of the St. Joseph School Family, it is the respect that the students and staff have for one another, their love for Jesus and the way they learn to serve the community that you will comment on first and foremost. Those are the lifelong lessons that make St. Joseph School stand out!

Blessings,
Saint Joseph School
